30 Mar 2014 - 23:00 |  acpsec-admin

**Project ID:** 034-11

**Area:** CARICOM

There are three requested areas of interventions, which underscore most of the priority areas remaining in DDA negotiations that are of importance to the Caribbean

1. To prepare WTO-related technical papers on **Dispute Settlement Reform** (DSU), for discussion with Member States at the official level with a view to preparing proposals and recommendations for the Council on Trade and Economic Development (COTED).
2. To prepare WTO-related technical papers on Climate Change (**Trade and Environment**) for discussion with Member States at the official level with a view to preparing proposals and recommendations for COTED. The convening of CARICOM Senior Trade Officials for a **Regional Workshop** to present the documents produced will facilitate discussions and potentially the endorsement of negotiating strategies among all relevant officials.
3. To review of the **state of play in the DDA negotiations** from a CARICOM perspective: preparation of negotiation position and strategies in all relevant WTO bodies. The convening of CARICOM Senior Trade Officials for a **Regional Workshop** to present the documents produced will facilitate discussions and potentially the endorsement of negotiating strategies among all relevant officials.

**Implementing Company:** PBLH International Consulting SPRL
