The next Brussels Policy Briefing n. 54 on “Sustainable agriculture: where are we on SDGs implementation?” will take place on 27th February 2019 (European Commission, Charlemagne Building, Lord Jenkins room, Rue de la Loi 170, 1040 Brussels).

In particular, the Briefing features an exchange of views and experiences on: the policies, practices and partnerships that have been successful in driving the goal of SDG 2, with a focus on landmark developments at local, national and regional levels; the achievements and best experiences in developing partnerships for SDG 2 implementation; the next steps on SDG 2 delivery.

Lessons are to be shared from both the ACP and EU, with a discussion of the factors for success, their replicability, and potential for upscaling.
