**Project ID:** 072-13

**Area:** Pacific Countries

The Government of Vanuatu, through its Embassy in Belgium, approached the ACP MTS Programme with a request designed to further advance the work that has been done previously on kava and prepare for next year's meeting of Pacific Codex Alimentarius Committee. The results of the intervention are aimed at drafting a technical brief detailing the current situation in the sector, reviewing the state of implementation made in previous technical studies and outlining clear deliverables to be undertaken in order for Pacific kava producers to meet EU trade requirements.
